

Library of Parliament renovation · Ottawa, Ontario

Detec Preserves.

The Library of Parliament entrusted Detec to help in the preservation of its 130-year old building and centuries worth of historical records.

With 24/7/365 monitoring and regular performance reports, Detec can provide a complete historical record on the health of your building too.

Detec employs unrivaled, state-of-the-art technology to pinpoint the location of potentially damaging and costly water intrusion in new construction and many renovation projects.

Spec Detec. Because Water Never Lets Up.
