

Seniors Housing Centre addition · Victoria, BC

Detec Assists.

Detec Systems is the only proactive solution to water intrusion problems in your building. Superior monitoring technology is combined with industry standards and practical building science to provide you guidelines for cost-effective maintenance. It's the ultimate quality assurance tool.

The Aberdeen Hospital recently added a seniors housing centre to its' premises and Detec Systems was installed there as part of the overall desire to provide comfort to their residents.

Spec Detec. Because Water Never Lets Up.
